USIB Policy on Release
of Intelligence to Contractors^{1/}

1. In order that the member agencies may more effectively discharge their responsibilities, and without intent to limit such broader authority or responsibility as any may now have under law, NSC directive, or special agreements among them, the United States Intelligence Board is agreed that selected intelligence^{2/} may be made available by recipient USIB members or their designated subordinates to certain contractors without referral to the originating agency, provided that:

^{1/} General policy is set forth in DCID No. 1/7: Controls for Dissemination and Use of Intelligence and Intelligence Information (New Series), approved 2 February 1967; see especially para. 6.a. (2).

^{2/} This directive deals solely with intelligence, which for purposes of this directive, is defined as information reports and intelligence produced and disseminated by CIA, INR/State, DIA, NSA, ACSI/Army, Naval Intelligence Command, ACSI/Air Force, the AEC and the military commands. This specifically excludes Foreign Service reporting and communications intelligence. Permission to release Foreign Service reporting must be obtained from the Department of State, and permission to release communications intelligence must be obtained from its originator. Communications intelligence is covered specifically by para. 3 of this directive, in that it bears one or more codewords or special instructions which dictate handling in special dissemination channels.

- 3/
- a. Release shall be limited to private individuals (including consultants) or organizations certified by the sponsoring member of the United States Intelligence Board as being under contract to the United States Government for the purpose of performing classified services in support of the mission of a member agency^{4/}, his department or service, as having a need-to-know, and as possessing the required security clearances.
 - b. The responsibility for ensuring that releases to contractors are made pursuant to this policy statement shall rest with the sponsoring member of the USIB (i. e. , the Chief of the USIB intelligence component seeking release on his own behalf or on behalf of a component within his department or service) or his designee.^{5/}
 - c. The agency releasing the intelligence material shall maintain a record of the material released and shall upon request report such releases to the originating agency.

3/ Release is the visual, oral or physical disclosure of classified intelligence material.

4/ Non-USIB Government components under contract to fulfill an intelligence support role, may be treated as members of the intelligence community rather than as contractors (NSCID No. 1 (New Series) footnote 2; USIB-D-39.5/12, para. 8. d. ; USIB-M-201, para. 5). When so treated, it shall be solely for the specific purposes agreed upon, and shall in no case include authority to disseminate further the intelligence material made available to them.

5/ Releasing agencies are required to delete: a) the CIA seal, b) the phrase "Directorate of Plans", and c) the source description from all CIA/Clandestine Services reports passed to contractors, unless prior approval to release such information is obtained from CIA.
